Planet Out

Website: <http://www.planetout.com>

Comprehensive website with information on travel, entertainment, news, politics, health and fitness.

LGBT Pink Training

Website: <http://www.usi.ie/pages/lgbt/pink-training.php>

This is one of USI's largest events. Every year, usually in November, LGBT students from all over Ireland come together for a weekend of modules and workshops covering a wide range of subjects from coming out to activism on campus. It's a great opportunity to meet and network with other LGBT students and societies, whether you're "in the closet" or "out and proud". If you're interested in finding out more, talk to your Students' Union or the LGBT Rights Officer.
